

Shannen Khin

Snr Program Manager

London, UK

Experienced program manager with 10+ years of leading large-scale global product launches.

I began my career in digital transformation, advancing to deliver integrated marketing campaigns for clients within the technology sector. In 2016, I joined Disney as product manager for DisneyLife then transitioned to launch Disney+ globally. I am deeply enthused about working on an entertainment product that delights millions worldwide. My strength lies in leading diverse cross-functional teams, by bridging the gap between technical expertise and business acumen to deliver seamless customer experience. I am keen to apply the wealth of skills I have accumulated to an organisation that echoes my dedication to innovation.

Current role

Snr Program Manager, Marketing Innovation

The LEGO Group in London, UK

May 2024 – Now

Previous roles

Marketing Strategy Manager, DTC EMEA

The Walt Disney Company in London, UK

Jan 2022 – May 2024 (2yrs 5mos)

Define and deliver marketing strategy for Disney+ marketing campaigns across EMEA.

- Optimise brand and content marketing campaign efficiencies across EMEA by working closely with local marketing, finance and analytics teams.
- Cultivate innovation throughout the region by partnering with external agencies to explore consumer behaviour through research and experimentations on media optimisation.
- Define Disney+ marketing planning framework, and enforce process governance. Coordinate day-to-day operation to ensure teams adhere to timelines and milestones.
- Coordinate marketing objectives across 14 markets and external media agencies, regularly optimising budgets to align global demands with local needs.
- Champion best practices by improving systems and streamlining processes to drive efficiency.
- Lead the integration of DE&I in creative processes to maintain these considerations as a priority within Disney+.

 Program Manager, Launch PMO, DMED
The Walt Disney Company in London, UK
Apr 2019 – Dec 2021 (2yrs 9mos)

Initiated the global rollout of Disney+ in 80 countries, taking the lead in all European markets.

- Cultivated strong stakeholder relationships on key priorities and initiatives with go-to-market strategies and maintained regular communication channels
- Collaborated with cross-functional teams on regional strategies and identified operational risks, issues and dependencies, and logged decisions.
- Championed continuous process improvement on operational frameworks, best practices and program governance through analysing previous launch results from consumer research and insights.
- Developed a trusting partnership across multi-functional teams to ensure alignment on business strategy execution.
- Aligned launch program with other company initiatives and managed cross-project dependencies.

 Product Manager, DTCI
The Walt Disney Company in London, UK
Aug 2016 – Apr 2019 (2yrs 9mos)

Worked in an agile development team as a product owner, managed the product roadmap for DisneyLife across web, mobile and connected TV platforms. Designed and executed migration to Disney+.

- Designed workflows and visual representations to streamline complex business requirements to clear product specifications and align stakeholders' expectations with the engineering team.
- Managed external vendors on fast delivery Tier 3 platforms (connected TV) with clear product roadmap.
- Led teams across three time zones on product expansion in Ireland and the Philippines.
- Improved analytics tracking to increase accuracy in reporting by 50% across all platforms.
- Transitioned QA support from internal to external working with multiple 3rd party vendors. Increased QA accuracy by 30% by improving test scenarios documented and 'won't fix' bugs reduced by 70%.
- Ensured smooth user experience on transition from DisneyLife to Disney+ by clearly outlining product specifications for engineering and designers from Disney+ who were new to Disney internal complexities arising from licensing, legal, CBM, compliance and contractual obligations.

 Program Manager, EMEA
IDG Global Solutions in London, UK
Feb 2014 – Aug 2016 (2yrs 7mos)

- Delivered multi-million dollar integrated custom-designed online marketing programs for tier 1 technology brands such as Intel, Microsoft, IBM, Oracle and HP - these programmes include editorial thought leadership content, influencer outreach, rich media online advertisements, custom events, video production, and lead generation activities.
- Aligned internal stakeholders to ensure adherence to agreed scope of work with customers.
- Successfully delivered multiple high value (above \$5m) custom programmes concurrently

 Product Marketing Manager, APAC
CBS Interactive in Singapore
Aug 2006 – Dec 2013 (7yrs 5mos)

- Delivered go-to-market strategies including pricing, communication plans and success case studies to support new product launches.
- Provided regional insights and competitive analysis to the global team to drive customised solutions.
- Delivered integrated multi-territory digital marketing campaigns.
- Managed vendors, in-house engineers to service internal customers across the US, Europe and Asia. Responsible for requirement gathering to build new features and maintain a centralised CMS that powered websites such as CNET, GameSpot, ZDNet, TechRepublic and many others.

Quality Assurance Engineer
e-Cop (Certis Group) in Singapore
May 2003 – Sep 2006 (3yrs 5mos)

- Managed in-house quality standards and procedures. Designed and developed test plans, scripts and automated tools to create a controlled testing environment for intrusion detection/prevention systems.

Education

Bachelor of Science
University of London (UoL)
Majored in **Computing** and **Information Systems**.

Volunteering

NHS Volunteer Responder
Royal Voluntary Service (RVS) in Science Museum Mass Vaccination Centre, London, UK
Mar 2021 – Sep 2021 (7mos)
